To Bob Schulz--

May 28, 2002

Wouldn't you agree with me that this is an excellent response, full of thought and meaning -- constructive, enlightening and how many other good things can you say about it -- as would thousands of other of her constituents receive such a letter regardless of what they wrote about -- and to be thought of in a "personal" manner too!

Also her first class prescience! Writing me a response dated April 30 to a matter I wrote her about dated mid-May -- rec'd by me May 28!!!
